INSTRUCTIONS FOR INDEPENDENT WORK

The current rating in the discipline is assessed in total, taking into account the current performance, which is assessed by the average score, taking into account the assessment for independent work.

Independent work of students includes independent study of individual topics provided for by the work program.

Student reporting form - presentation preparation.

1. A separate presentation is prepared for each topic of independent work.
2. Each presentation is made by the student individually.
3. The number of slides in the presentation at the rate of 5 semantic slides for 1 hour.
4. On the first slide, the topic of the work, full name and group number of the student who completed the work is indicated.
5. There should be no more than 5-6 lines of text on the slide (font-14-18).
6. No more than 50% of the slides should have pictures or tables illustrating the material under consideration.
7. The presentation must include a slide with literary sources of information. Sources must be up-to-date (no more than 5 years from the date of publication, with the exception of individual classical works).
8. In the full-time format of training, independent work is handed over personally to the teacher in electronic form.
9. In the distance learning format, the completed work is translated into pdf format, posted on the electronic information and educational portal of the VolgGMU in the course of the discipline in the "Independent work" section.
10. Before posting on the educational portal of VolgGMU, it is necessary to correctly name the file to be checked with the work performed:

NAME. student_group, course_ Self-work_№__

Each topic of independent work is evaluated from 3 to 5 points, work rated below 3 points is not counted and requires revision by the student (Table 1).
