

INSTRUCTIONS

FOR IMPLEMENTATION INDEPENDENT WORK OF A STUDENT

at the Department of Surgical Dentistry and Maxillofacial Surgery

1. Independent work of students consists in independent study of the issues provided for in the work program and included in the «**Thematic plan of independent work of the student**» in the discipline for the current semester.
2. Based on the results of studying the material, the student individually prepares a separate presentation on one of the questions of each of the topics for independent study.
3. **The number of slides in the presentation at the rate of 5 semantic slides for 1 hour** of the topic of independent work. The first slide shows the title of the work, the topic of independent work from the thematic plan, the full name and group number of the student who completed the work.
4. The work performed is evaluated by the teacher at the practical lesson according to a 100-point system when monitoring the performance of independent work. **The minimum score at which the work can be credited is 61 points. With a lower score, the student is invited to re-study the topic independently.**
5. The presentation, which has received a positive assessment (more than 61 points), is translated into pdf format, the file with the presentation is called «Full name of the student_group of the course of work No.___ » and **is posted on the educational portal of VolgSMU** in the corresponding discipline, in the section «Independent work No._».
6. **The form of the report** on the performance of each independent work **is a screenshot of the page with the work uploaded to the portal**, the student prints it out and hands it over to the teacher at the last lesson of the cycle.

Обсуждено на заседании кафедры хирургической стоматологии и ЧЛХ,
протокол №1 от «31» августа 2023 г.
