Murphy's Law

Q: Murphy's Law states that anything that can go wrong will go wrong. It is a humorous way of saying that if there is a possibility of something going wrong, it will eventually happen. It is often used to describe situations where things go wrong at the worst possible time. For example, if you have a date and your car breaks down, or if you are late for an important meeting because of a traffic jam. Murphy's Law is often used to describe situations where things go wrong at the worst possible time. For example, if you have a date and your car breaks down, or if you are late for an important meeting because of a traffic jam.
